Subject: Submittal of the 2008 Interim Facility-Wide Groundwater Monitoring Plan

Dear Mr. Bearzi:

Enclosed please find two hard copies with electronic files of the 2008 Interim Facility-Wide Groundwater Monitoring Plan. This document is the second annual revision to the initial plan submitted to the New Mexico Environment Department (NMED) in July 2006. The monitoring plan becomes effective after NMED's approval. To arrange field logistics appropriately, we are planning on implementing the monitoring approach presented herein effective July 2008. We welcome early communications on any issues NMED may have with the submitted plan.

If you have questions, please contact Tim Goering at (505) 665-0996 (goering@lanl.gov) or Mat Johansen at (505) 665-5046 (mjohansen@doeal.gov).

Sincerely,
