Dear Mr. Bearzi:

Beginning on or about February 12, 2010, Los Alamos National Laboratory (the Laboratory) plans to conduct field work as described in the Pueblo Canyon Aggregate Area Phase II Investigation Work Plan, which was submitted to the New Mexico Environment Department (NMED) on October 24, 2008, and approved with modifications by NMED on December 26, 2008. The field work will include phase II characterization sampling and limited soil removal as outlined in the phase II work plan and the approval with modifications letter.

If you have any questions regarding this field work, please contact Becky Coel-Roback at (505) 665-5011 (becky_cr@lanl.gov).
