**Subject: 15-Day Sampling Notification for Lower Sandia Canyon Aggregate Area Investigation**

Dear Mr. Bearzi:

Beginning July 6, 2010, the Los Alamos National Laboratory is scheduled to begin execution of investigation activities in the Lower Sandia Canyon Aggregate Area. The scope of the sampling activities is documented in the Investigation Work Plan for the Lower Sandia Canyon Aggregate Area, Revision 1, dated July 2009 (EP2009-0316); and the New Mexico Environment Department (NMED) approval letter dated August 6, 2009 (HWB-LANL-09-016).

Sampling activities are expected to last approximately 2 months between July and September 2010. The sampling results will be presented in the investigation report for this aggregate area, due to NMED on March 31, 2011.

If you have any questions, please contact Dave McInroy at (505) 667-0819 (mcinroy@lanl.gov).

Sincerely,
