Subject: 15-Day Sampling Notification for First Quarter Fiscal Year 2011 Vapor Sampling Activities at Material Disposal Areas H and L at Technical Area 54

Dear Mr. Bearzi:

Beginning October 1, 2010, the Los Alamos National Laboratory is scheduled to collect pore-gas samples from 4 boreholes at Material Disposal Area (MDA) H and 28 boreholes at MDA L. This sampling effort will support the fiscal year 2011 first quarter periodic monitoring.

The Laboratory will verbally confirm with and/or notify the New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA.

If you have any questions, please contact Jarrett Rice at (505) 665-3874 (wjrice@lanl.gov).

Sincerely,
