Subject: Groundwater Level Status Report for 2010, Los Alamos National Laboratory

Dear Mr. Weber:

Enclosed please find the draft report titled, "Groundwater Level Status Report for 2010, Los Alamos National Laboratory." This draft report is being submitted for review pursuant to the requirement that San Ildefonso Pueblo review environmental data from monitoring wells located on San Ildefonso land prior to Los Alamos National Laboratory publishing the data.

This report contains a summary of groundwater level data from wells LLAO-1b, LLAO-4, R-10, R-10a, and R-34 located on San Ildefonso land. We respectfully request that you review the data in the report and provide approval for publication of the report. The report is provided in PDF format on the attached CD. The data from the wells located on San Ildefonso land are also provided in Excel format, per your request.

We would appreciate your review and approval for publication by April 29, 2011. If you have any questions or comments, please contact Tim Goering at (505) 665-0996 (goering@lanl.gov).

Thank you for your prompt review and response.

Sincerely,

Craig Douglass, Deputy Program Director
Corrective Actions Program
Environmental Programs
Los Alamos National Laboratory
