**RE: APPROVAL
WORK PLAN FOR PILOT INVESTIGATION OF THE BUCKMAN WELL
FIELD PIEZOMETERS
LOS ALAMOS NATIONAL LABORATORY
EPA ID#NM0890010515
HWB-LANL-10-053**

Dear Messrs. Rael and Graham:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Work Plan for Pilot Investigation of the Buckman Well Field Piezometers* (Plan) dated August, 2011 and referenced by EP2011-0281. The Plan proposes modifications to the previously approved *Work Plan for Alternative Monitoring Buckman Well Field* (approved by NMED on September 1, 2010). NMED has reviewed the Permittees' Plan and hereby issues this approval.

As stated in the Plan, the Permittees must submit a report that defines whether the Buckman Well Field Piezometers can produce representative groundwater samples for contaminant detection and monitoring purposes and also whether Laboratory-derived contamination is present in the groundwater zones intersected by the piezometers. The report must be submitted to NMED no later than **May 1, 2012**.

Messrs. Rael and Graham
September 20, 2011
