John Kieling, Bureau Chief
Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-6303

**Subject: Request for Extension to Submit the Investigation Report for Cañon de Valle
Aggregate Area, Technical Area 16**

Dear Mr. Kieling:

This letter requests an extension from the December 15, 2012, date to submit the Investigation Report for Cañon de Valle Aggregate Area, Technical Area 16 to a new date of December 15, 2014.

The U.S. Department of Energy (DOE) and Los Alamos National Security (LANS), LLC, request this extension in order to continue focusing efforts on accelerating the shipment of aboveground transuranic (TRU) waste from Los Alamos National Laboratory's Technical Area 54, Area G, to the Waste Isolation Pilot Plant. This focus will result in a material reduction of environmental risk. This acceleration of TRU waste shipments will also allow DOE/LANS to support the environmental priorities established by the New Mexico Environment Department and the State of New Mexico.

This new date to submit the Investigation Report for Cañon de Valle Aggregate Area, Technical Area 16 was developed to support the mutual goal of environmental risk reduction. DOE/LANS request this extension under Section III.J.2 of the Compliance Order on Consent.

If you have any questions, please contact Victoria George at (505) 667-7883 (torig@lanl.gov) or Cheryl Rodriguez at (505) 665-5330 (cheryl.rodriguez@nnsa.doe.gov).

Sincerely,

Michael J. Graham, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager
Environmental Projects Office
Los Alamos Site Office
