Dear Mr. Valdez:

**SUBJECT: RESPONSE TO ADMINISTRATIVE COMPLETENESS AND FEE ASSESSMENT
FOR CLASS 1 PERMIT MODIFICATIONS**

The purpose of this letter is to respond to the Administrative Completeness and Fee Assessment Class 1 Permit Modifications letter dated October 31, 2012, from the New Mexico Environment Department-Hazardous Waste Bureau (NMED-HWB). The letter puts into effect three modifications to the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit and assesses a fee for the submittal of the *Request to Withdraw and Resubmit a Class 1 Permit Modification to the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit*, letter dated September 4, 2012.

The U.S. Department of Energy and the Los Alamos National Security, LLC, (collectively the Permittees), believe that the fees for this submittal are included as part of the LANL Supplemental Resource Conservation and Recovery Act (RCRA) Permit Fee Agreement and payment of the fee assessed is complete.

Please contact Mark Haagenstad at (505) 665-2014 of the Water Quality and RCRA Group (ENV-RCRA) if you have questions.

Sincerely,

Michael T. Saladen
