AREA AND THE DP WEST BUILDING FOOTPRINTS
AT TECHNICAL AREA 21
LOS ALAMOS NATIONAL LABORATORY
EPA ID#NM0890010515
HWB-LANL-11-002**

Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Request for Extension to Submit the Investigation Report for DP Site Aggregate Area and the DP West Building Footprints at Technical Area 21* dated June 5, 2014 and referenced by EP2014-0249.

The Permittees request an extension to submit the Investigation Report for DP Site Aggregate Area and DP West building footprints. NMED has granted extensions based on the Permittees' need to divert resources to remove transuranic waste in accordance with the Framework Agreement. Based on the Permittees' statement that they will not be able to meet the deadlines that they committed to in the Framework Agreement, the request is hereby denied.

NMED is concerned over delays that affect the progress of corrective action at Los Alamos
