**RE: EXTENSION REQUEST
TO PLUG AND ABANDON WELL R-25
LOS ALAMOS NATIONAL LABORATORY
EPA ID#NM0890010515
HWB-LANL-12-022**

Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Request for Extension to Plug and Abandon Well R-25* dated June 11, 2014 and referenced by EP2014-0239.

The Permittees request an extension to plug and abandon well R-25. NMED has granted extensions based on the Permittees' need to divert resources to remove transuranic waste in accordance with the Framework Agreement. Based on the Permittees' statement that they will not be able to meet the deadlines that they committed to in the Framework Agreement, the request is hereby denied.

NMED is concerned over delays that affect the progress of groundwater characterization and remediation. Governor Martinez has prioritized the protection of groundwater, and any delay in plugging and abandoning well R-25 is counter to this objective. The Permittee is required to plug and abandon R-25 as previously scheduled by **June 30, 2014**.
