Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Request for Extension to Submit the Interim Measures Report for Source Removal Testing at Well CdV-16-4ip* dated July 15, 2014 and referenced by EP2014-0311.

The Permittees request an extension to submit the Interim Measures Report for source removal testing at well CdV-16-4ip. NMED has granted extensions based on the Permittees' need to divert resources to remove transuranic waste in accordance with the Framework Agreement. Based on the Permittees' statement that they will not be able to meet the deadlines that they committed to in the Framework Agreement, the request is hereby denied.
