Santa Fe, NM 87505-6303

Subject: Submittal of the ECORISK Database, Release 3.3

Dear Mr. Kieling:

Enclosed are two copies of a CD containing the updates to Los Alamos National Laboratory's (LANL's) ECORISK Database. The Environmental Programs Directorate maintains and updates the database to ensure that the ecological screening levels (ESLs) used to assess potential ecological risk at sites are representative and current.

The database and the associated files are available for download online on the external LANL website at <http://www.lanl.gov/source/community-environment/environmental-stewardship/protection/eco-risk-assessment.php>. Please be aware that to open the database, it must be copied from the CD to a computer. Trying to open the database directly from the CD will not work. Also, all files must be in the same directory for the links between documents to work. Reports submitted to the New Mexico Environment Department Hazardous Waste Bureau will use the ESLs presented in this release starting in October 2015.

If you or your staff have any questions or have any issues associated with the database or download, please contact Richard Miranda at (505)665-6953 (rmiranda@lanl.gov) or Arturo Duran at (505) 665-7772 (arturo.duran@em.doe.gov).

Sincerely,

Bruce Robinson, Program Director
Environmental Remediation Program
Los Alamos National Laboratory
BR/DH/RM:sm

Sincerely,

Douglas E. Hintze, Manager
Environmental Management
Los Alamos Field Office

Enclosures: Two CDs containing the ECORISK Database, Release 3.3
