Dear Messrs. Hintze and Brandt:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) and the Los Alamos National Security L.L.C.'s (LANS) (collectively, the Permittees) *Request to Defer Submittal of the Revised DP Site Aggregate Area Building 21-257 Footprint Letter Work Plan*, dated December 18, 2015 and referenced by ADESH-15-185.

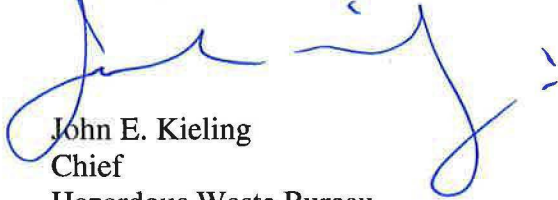

The Permittees request to defer submittal of the Revised DP Site Aggregate Area Building 21-257 Footprint Letter Work Plan (WP), from December 30, 2015 to February 28, 2018. The deferral is requested because "[T]he revision to the work plan and comment resolution are currently not prioritized within the near-term work scope...". The Permittees further state that the demolition of building 21-257 is not scheduled to begin until the third quarter of 2018. The submittal date for the WP has been changed to February 28, 2018, as requested.
