**RE: RESOLUTION OF NOTICE OF VIOLATION  
LOS ALAMOS NATIONAL LABORATORIES  
EPA ID# NM0890010515**

Dear Messrs. Pugh and Brandt:

On June 8, 2015, the New Mexico Environment Department (NMED) conducted a hazardous waste Compliance Evaluation Inspection at Los Alamos National Laboratories (LANL), located at Bikini Atoll Road, SM-30, Los Alamos, New Mexico. Based on that inspection and review of information obtained, the NMED issued a Notice of Violation (NOV) dated June 1, 2016.

The NMED has reviewed your responses dated July 29, 2016 to the NOV. The signed Stipulated Final Order was received on January 11, 2017 and payment for the civil penalties on February 8, 2017. Based on the review of all documents obtained, the NMED has determined that the violations cited in the NOV have been adequately addressed, and no further action relative to the NOV on the part of LANL is required. Any action taken in response to this letter does not relieve your facility of its obligation to comply with any other applicable laws and regulations.
