SETTLEMENT AGREEMENT CASE NO. 10-01251
LOS ALAMOS NATIONAL LABORATORY

Dear Messrs. Goodrum and Roberts:

The New Mexico Environment Department (the Department) has received from the United States Department of Energy and the Los Alamos National Security, LLC, (collectively, the Permittees) *Request for a Class 3 Permit Modification, Settlement Agreement Case No. 10-01251, Los Alamos National Laboratory Hazardous Waste Facility Permit* and referenced by EPC-DO-17-277 and LA-UR-17-25615. The Permittees submitted this permit modification request (PMR) on July 20, 2017, seeking to modify the Permit to address changes to the Permit as agreed to under the terms of a Settlement Agreement (SA) dated April 21, 2017 resolving the Permittees appeal of the Permit in the United States District Court for the District of New Mexico, Case No. 10-01251. The Department has reviewed the PMR and hereby deems it administratively complete.

The New Mexico Hazardous Waste Permit and Corrective Action Fee regulations, Section 20.4.2.201.F, require the assessment of a fee to modify a permit at the time of an administrative completeness determination. Payment is normally due within sixty (60) calendar days from the

date that you receive the invoice in accordance with 20.4.2.301.C NMAC. However, because the Department currently maintains a supplemental fee agreement with the Permittees for State fiscal year 2018, and the Permittees transmitted payment of supplemental fees, the fee invoice has been effectively paid under these supplemental fees. If you disagree with the fee assessed, you may notify the Department in writing, at the address above, of the intent to appeal the invoice under the provisions of 20.4.2.302.A NMAC.

If you have any questions regarding this correspondence, please contact Siona Briley of my staff at (505) 476-6049.

Sincerely,

John E. Kieling
Chief
