**RE: APPROVAL EXTENSION REQUEST  
RESPONSE TO NOD SITE TREATMENT PLAN UPDATE AND PROPOSED  
REVISION 28.0, FEDERAL FACILITY COMPLIANCE ORDER,  
LOS ALAMOS NATIONAL LABORATORY  
EPA ID#NM0890010515  
HWB-LANL-18-031**

Dear Ms. Nash and Ms. Baca:

The New Mexico Environment Department (NMED) has received the U.S. Department of Energy (DOE), and Triad National Security LLC (Triad), collectively referred to as the Respondents, *Request for Extension of Time to Respond to NMED Disapproval of Site Treatment Plan, Fiscal Year 2017 Annual Update and Proposed Revision 28.0, Federal Facility Compliance Order*, (Request) dated and received January 7, 2019, and referenced by EPC-DO-19-001/LA-UR-18-20018.

On January 4, 2019, the Respondents notified NMED via an email that the Respondents would be requesting an extension to submit their response to NMED's *Disapproval of the Resubmitted Annual Update to the Site Treatment Plan and Proposed Revision 28.0* dated December 6, 2018 (Disapproval) due to weather-related closures at the Laboratory on January 2, and 3, 2019.

NMED has reviewed the Request and deems that the weather-related closures were beyond the Respondents control, and NMED was notified in a timely manner of the anticipated delay in submitting the response to the Disapproval by the January 5, 2019, deadline.
