**Subject: Request for Extension of Time to Respond to NMED Disapproval of Site Treatment Plan Fiscal Year 2017 Annual Update and Proposed Revision 28.0, Federal Facility Compliance Order**

On December 6, 2018, the New Mexico Environmental Department (NMED) issued a Disapproval for the Resubmittal of Site Treatment Plan Fiscal Year 2017 Annual Update and Proposed Revision 28.0, Federal Facility Compliance Order. This Disapproval letter requested the updated FY 2017 STP Report be submitted to NMED no later than January 5, 2019.

Los Alamos National Laboratory was closed for the winter closure from December 22, 2018 through January 1, 2019. Additionally, the Laboratory was closed on January 2 & 3, 2019 due to safety reasons related to several feet of snow that fell during the winter closure. Laboratory personnel returned to work Friday, January 4<sup>th</sup> and underwent a deliberate slow start process to ensure personnel safety and building operability.

For the reasons above, the Permittees respectfully request an extension until January 11, 2019 to resubmit the FY 2017 STP Report.

If you have any questions or would like to meet to discuss this request, please contact Victoria Baca at (505) 665-9958 or by email at [vbaca@lanl.gov](mailto:vbaca@lanl.gov) or Adrienne Nash at (505) 665-5026 or by email at [adrienne.nash@nnsa.doe.gov](mailto:adrienne.nash@nnsa.doe.gov).
