Mr. John E. Kieling, Chief
Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-6303

Subject: Demolition Notification for Fiscal Year 2020 and Quarter Ending December 31, 2019, for Los Alamos National Laboratory EPA ID# NM0890010515

Dear Mr. Kieling:

The United States Department of Energy (DOE) and its field offices, the National Nuclear Security Administration Los Alamos Field Office (NA-LA), and the DOE - Environmental Management Los Alamos Field Office (EM-LA), along with Triad National Security, LLC (Triad), and Newport News Nuclear BWXT - Los Alamos, LLC (N3B) collectively, the Permittees, are submitting a notice of demolition activities for the fiscal year 2020 and quarter ending December 31, 2019, in accordance with Permit Section 1.17 of the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit (Permit) to the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB).

Enclosures 1 and 2 "Demolition Notification - Fiscal year 2020 and Quarter ending December 31, 2019, List of Buildings and Attachment of Hazardous Materials Descriptions" Triad and N3B, respectively, attached to this letter satisfy the reporting requirements as outlined in Section 1.17.1 of the Permit. The requirement at Section 1.17.1(7) of the Permit identifying buildings or fixed structures previously identified and not demolished was not pertinent this year as all buildings previously identified were demolished for the Enclosure 1 submittal. Each enclosure also contains a signed certification from the responsible Co-Permittee.

The Permittees understand that investigations may not be complete at Solid Waste Management Units/Areas of Concern (SWMUs/AOCs) located within 50 feet of the buildings proposed for demolition. The Permittees will ensure that the sampling locations and depths proposed in the approved work plans for the SWMUs/AOCs identified are not affected by the demolition activities.

In the case of adverse impacts on the SWMUs/AOCs identified in this notification, demolition activities will be documented so that the impacts are identified and evaluated. Accordingly, if a demolition report is prepared for buildings that the Department has identified in writing, the Permittees will provide a copy of the demolition report to the NMED-HWB within 30 days after the report is completed in accordance with Section 1.17.3 of the Permit.

If you have questions or comments concerning this submittal for Triad, please contact Karen E. Armijo of the Department of Energy (NA-LA) at (505) 665-7314 or Patrick L. Padilla (Triad) at (505) 667-3932. If you have questions or comments concerning this submittal for N3B, please contact David Rhodes of the Department of Energy - Environmental Management (EM-LA) at (505) 665-5325 or Elizabeth Lowes (N3B) at (505) 309-1134.

Very truly yours,

Enrique Torres
