Hi Aaron,

Triad National Security, LLC (Triad) is in receipt of the Notice of Violation with Proposed Penalties Los Alamos National Laboratory EPA ID# NM0890010515 dated February 13, 2024. Unfortunately, Triad was not included on the distribution of this document and response to this letter must be coordinated with the Los Alamos Field Office. Due to the additional timeline, we would like to request a 14-day extension in responding to the Notice of Violation. This would make the response due date to the NMED by March 28, 2024.

We would also like to request that NMED provide the penalty calculations associated with the violations cited within the letter.

Sincerely,

Jason Hill
